I see a shadow on the street tonight,
A silhouette under the light,
You won't see it on the road.
You wake up in a different place,
There's blood all over your face,
You know it can't be your own,
You can't remember what you should know,
Shade of evil in your soul,
Take you where you've never been before.
Sleep in the daytime, groove in the nighttime
Sleep in the daytime, feast in the nighttime yea!

[Chorus]

When you sleep then you think your life's a dream,
Please don't let me hear the scream!

When you wake up then you'll know it's true,
That I'm the one who destroyed and created you!

You can't take anymore pain,
There's a scream filling up your brain,
You're lonely, but you're not alone,
I'll be with you wherever you go.
Shade of evil in your soul,
Take you where you've never been before.
Sleep in the daylight, groove in the nighttime
Sleep in the daylight, feast in the nighttime yea!

[Repeat Chorus]
