Raise your voice in swells, find your meanings then
Use your signs inside to relive and never care.

No point in holding back on what you're holding
No matter it be shit or it be golden
Foundations shift, they're still shifting
We set up, we set up our falls

Hold on tight to your fears
Cause that's your hatred
And that's your love as well

Learn to use all your fears
As a fuel, an engine
To get you where you need

I must always remember...
There's no point to surrender

No point in holding back on what you're holding
No matter it be shit or it be golden
Foundations shift, they're still shifting

We set up, we set up our falls

Hold on tight to your fears
Cause that's your hatred
And that's your love as well

Learn to use your fears
As a fuel, an engine
To get you where you need

I must always remember...
There's no point to surrender

I shift.

I shift.
