I just want to have a chance
To hold you again in my arms
'cause life now has no sense,
Time passes by and I'm here
Waiting for you, trying to believe
That life can go on
Even if you are gone.
You believe I let you go
After the words that I said
You think I have a stone
Instead of my heart but I said
Listen to me, try to understand,
The man you want I am
Is a man i'll never be.
Keep on believin' love is a feeling
You got to take it or leave it.
Keep on believin' fire is burning
Let it keep us warm under it's breathing
And we can turn on the light
To turn back the night
Please, come back in my
Heart again tonight.
The moon is watching you
Reflecting it's light in your eyes,
It's just a trick of light
But I'm still losing my mind.
Keep on believin' love is a feeling
You got to take it or leave it.
Keep on believin' fire is burning
Let it keep us warm under it's breathing
And we can turn on the light
To turn back the night
Please, come back in my
Heart again tonight.
Keep on believin' love is a feeling
You got to take it or leave it.
Keep on believin' fire is burning
Let it keep us warm under it's breathing.
Keep on believin' love is a feeling
You got to take it or leave it.
Keep on believin' fire is burning

Let it keep us warm under it's breathing
And we can turn on the light
To turn back the night
Please, come back in my
Heart again tonight.
