Ah, yeah  
Ah, ah  
Ah yeah

[Verse 1]

Time and time again knew our relationship  
I wonder what's going wrong  
To make us go through such pains and heartaches  
But still I know my love is so strong for you (Ah yeah)

[Chorus]

Should I love you  
Should I leave you  
So many choices (Oh so many choices)  
Choices baby  
So many reasons why (So many reasons why)  
I could have you near me (Oh yeah)  
So many choices

[Verse 2]

I don't understand why you wanna take me through  
these changes  
No, no oh  
I can't decide what to do when it comes to me and you  
Because my love is true  
Where do we go from here, where do we go  
I can't help but wonder, I can't help it baby  
Do we belong together, oh oh  
Your love I feel can be a lot

[Chorus]

Should I love you (Should I love you)  
Should I leave you  
So many choices (Oh baby you giving me so many  
choices)  
Choices baby  
So many reasons why (So many reasons why)  
I could have you near me (Oh yeah yeah)  
So many choices (So many choices)

Should I love you

Should I leave you (Should I love you, should I leave you)  
So many choices (Oh baby yeah, yeah, yeah)  
Choices baby  
So many reasons why (So many reasons why)  
I could have you near me (Oh baby yeah yeah)  
So many choices (Got me waiting)

[Verse 3]

All alone, I don't wanna lose your love  
On my own, I just can't breathe without you  
Wanna be, got to have you in my life  
Can't you see, we can make it if we try

[Chorus to fade]

Should I love you  
Should I leave you (Ah, ah)  
So many choices (I don't know what else to do boy)  
Choices baby  
So many reasons why (A million reasons why)  
I could have you near me (I need you baby)  
So many choices (Oh should I love you)

Should I love you (Should I leave you)  
Should I leave you (Ah, ah)  
So many choices (So many choices yeah, yeah)  
Choices baby  
So many reasons why (Ah, ah)  
I could have you near me (Oh yeah yeah)  
So many choices (Ah yeah)  
Should I love you...
