"Don't Go"

There's smell of fresh cut grass

and it's filling up my senses

And the sun is shining down on the blossoms in the
avenue.

There's a buzzing fly hanging
around the bluebells and the daisies

And there's a lot more loving left in this world.

Don't go
don't leave me now
now
now

While the sun smiles
stick around and laugh a while
yeah.

And I lie on warm and soft sandy beaches

And my toes are submerged in the water
and it feels good.
Children playing building castles on the shoreline
Like a painted little love and lord
it feels so fine.

Don't go
don't leave me now
now
now
...

There's white horses and they're coming at me
and they face now

And there's a blue sirocco blowing worm into my face.
The sun is shining on the other side of the bridges

The cars going by with smiles in the windows.
There's a black cat lying in the shadow of the gate-post

And the black cat keeps telling me that love is on it's
way.
Yeah
there's a black cat lying in the shadow of the gate-post

And the black cat tells me that love is on it's way.

Don't go
don't leave me now
now
now
...
Stick around and laugh a while. - Don't go! -
Don't go
don't leave me now
now
now
...

Don't go
don't leave me now
now
now
...
Don't go
I can hear you coming now
now
now

Ah
no no no
don't go!
