Another day is gone,  
One less in my life - shorter ever more.  
The age grows up and the time flows away  
And i've built so little in these burned years.  
Civilisation gulps down with cruelty  
You don't feel it inside you now can it to exist?  
Tell me - now where is my happiness? - in the eyes of a  
woman.  
Tell me - what is love that make born again?  
Questions to which i don't find an answer.  
Now - suddenly i feel inside me - the warm of  
something great.  
Oh - i don't know what is but i believe that it's what i'm  
lookin' for.  
Every day and every night  
Are one more in your life.  
Two big eyes give me, what i always desired.  
I turn back now a man,  
I know with her will be happiness.  
A new life now near her, i hear the children's  
Screams and life never ends.  
I know - now where is my happiness - in the heart of a  
woman.  
I know - what is love that make me born again.  
Questions to which now i find an answer.  
Now - suddenly i feel inside me - the warm of  
something great.  
Ooh - now i know what is and i believe that it's i'm  
looking for.  
Every day and every night  
Are one more in your life,  
Two big eyes give me, what i always desired.  
I turn back now a man,  
I know with her will be happiness.  
A new life now near her, i hear the children's  
Screams and life never ends.  
They'll hold delight in your home  
And in their eyes you will see yourself.  
A new life now near her, i hear the children's  
Screams and life never ends.  
Nothing matters more - than her desire.

Every day and every night  
Are one more in your life,  
Two big eyes give me, what i always desired.  
I turn back now a man,  
I know with her will be happiness.  
A new life now near her, i hear the children's  
Screams and life never ends.  
They'll hold delight in your home  
And in their eyes you will see yourself.  
A new life now near her, i hear the children's  
Screams and life never ends.  
The age grows up and the time flows away  
And i've built so little in these burned years.  
Civilisation gulps down with cruelty  
You don't feel it inside you now can it to exist?  
The age grows up and the time flows away,  
Now i'm glad about i've done.  
My life never ends.
