If I turned upon you and I make it look easy.
Today, today, today. She smiles and keeps me hungry.
Today, today, today.

Let her chic look upon my face and not see me.
Today, today, today. And dry my eyes completely.
Today, today, today.

Let me be. For there is time enough. To raise an
eyebrow. To raise your eye to mine.

You feel the same way too and I am drawn,
away from you. It's not so easy to explain away. It takes
a foolish man to try. I knew as soon as I put pen to
paper. I knew as much somehow.

So show me. It's better by far and the way. And I'll show
you that someday, is a very important day
