You can't leave a good man down. No you can't leave a good man down.

In the morning, when you wake up, everytime before your eyes. And you wonder what he's doing, pretty soon you'll realise that you can't leave a good man down. No you can't leave a good man down.

He may walk, he may hide. You can go mess him up inside. You can go wrap his body with pain. And he'll come on back again. ~Cos you can't leave a good man down. No you can't leave a good man down.

Take me away. It's just about time you're heading for and say ~got to belief in something It's easy to see. My God, it's fading away. So pick up your bible and pray if you need.

I'm all alone in the darkness, but my eyes are open wide. I can't see nothing and I don't know why.

The night is over. The day has just begun. The night is over and done.

Take me away. It's just about time you're heading for and say ~ I got to belief in someone.

Take me away. It's just about time you're heading for and say ~ I got to belief in something.
