Call it in the air,
Heads or Tails,
Heads we go to London,
And try to save the queen,
Tails we go to Paris,
And try our hand at Romance,
I need a chance to show you,
That I'll take you anywhere,
So call it in the air.

It's midnight now,
But I'll be up for hours,
'Cause something tells me you are not alone,
And I make plans to walk and buy you flowers,
To throw them out before you got home.

So let's let fate, decide,
For you and me tonight,
If there's half a chance we'll make it,
Then it's not too late to try.

Call it in the air,
Heads or Tails,
Heads we go to London,
And try to save the queen,
Tails we go to Paris,
And try our hand at Romance,
Either way we're flying,
And at least I've got a chance,
At least I've got a chance,
To show you I can take you somewhere,
Somewhere far away,
From the shadows of this place,
Oh, Somewhere,
Where we can fall in love,
Where we can fall in love, Woa-oh.

It's six am, the sun is coming up,
And something tells me I'm all out of luck,

I'm all out,
I'm all out of,

I'm all out,
I'm all out of,

Call it in the air,
Heads or Tails,
Heads we go to London,
And try to save the queen,
Tails we go to Paris,
And try our hand at Romance,
I need a chance to show you,
That I'll take you anywhere,
So call it in the air.

O-o-oh,
Call it in the air,
Woa-o-oh.
