Take a look at yourself
You blame everyone else
For her mistakes and your bad taste
It just happened to be me
Stuck in the middle, in between
And this is the same thing over and over
I never meant to hurt you
And this is the same game over and over
I'm sorry

I cross my heart and hope to die
I'll bleed tonight to make it right
I crossed the line you want to fight
I'll bleed tonight, I'll bleed tonight
I'll bleed tonight
I'll bleed for you
I'll bleed for you
I'll bleed for you

Go, Fight, Win
Is this what you wanted?

So take a look at you now
You let everything out
You sacrificed

All hope tonight and
You left it all up to me
To be stuck in the middle in between
Take it back, I'm sorry
Taking it back, I'm sorry

I cross my heart and hope to die
I'll bleed tonight to make it right
I crossed the line you want to fight
I'll bleed tonight, I'll bleed tonight
I'll bleed tonight
I'll bleed for you
I'll bleed for you
I'll bleed for you

Take it back, take it back, take it back

I'll never take it back
Take it back, take it back, take it back
I'll never take it back

Go, Fight, Win Is this what you wanted?
Go, Fight, Win Is this what you wanted?
