music/lyrics - D. Malejonek

No - one could tell when does wind blow
No - one could save his brother soul
No - one was born to live alone
No - one was born to fall

So many people live in illusion
Keep their minds in confusion
Every where's too much aggression
Some wait for total destruction

chorus: Set me free
Set me free

You are - the one with an open heart
You are - the chosen one

chorus: Set me free
Set me free Jesus
