Innocence is falling raptures in the past  
Craving for salvation of the mind  
Serenity is calling seeking only truth  
Vision blocked forever left behind

Light comes out of black  
Stare and face the fear  
Give him eye to eye  
Walk the walk right here

Images unraveling saw through their disguise  
Crystal clear and shining through and through  
Liberation traveling bringing down their world  
Universal waking coming to

Light comes out of black  
Stare and face the fear  
Give him eye to eye  
Walk the walk right here

Let the fight begin  
Watch the power soar  
Work the magic now  
Free forever more

Now in the light  
Lifting up and rising all alive  
Now all the light  
Keep the faith inside and I'll survive

Innocence is falling raptures in the past  
Craving for salvation of the mind  
Serenity is calling seeking only truth  
Vision blocked forever left behind

Light comes out of black  
Stare and face the fear  
Give him eye to eye  
Walk the walk right here

Let the fight begin  
Watch the power soar

Work the magic now  
Free forever more

Light comes out again  
Light comes out of black
