Life's a show and we all play a parts
And when the music starts, we open up our hearts
It's alright if somethings come up wrong
We'll sing a happy song, and you can sing along

Where there's life, there's hope
Everyday's, a gift
Wishes can, come true
With so well, you work so hard, all day

To be like other girls
To fit in this glittering world
Don't give me songs, don't give me songs
Give me something to sing about
I need something to sing about

Life's a song, you don't get to rehearse
And every single verse, can make it that much worse
Still my friends, don't know why I ignore
The million things or more, I should be dancing for

All the joy, life sends
Family, and friends
All the twists, and bends
Knowing that, it ends
Well that, depends

On if they let you go
On if they know enough to know
That when you vowed, you leave the crowd

There was no pain, no fear, no doubt
Till they pulled me out, of heaven
So that's my refrain
I live in hell, 'cuz I've been expelled from heaven
I think I was in heaven

So give me something to sing about
Please give me something

Life's not a song
Life is a bliss

Life is just this, it's living
You'll get along

The pain that you feel
Only can heal, by living
You have to go on living
So one of us is living
