I'll be right along  
Cause baby you're so  
Strong...

Baby I see - You're vulnerable to me  
That's your power over me  
Baby, baby, I know - It's always been so  
Physical love is oh so meaningful for you

You write love letters to me - strong  
You know how to talk to me - so strong

Baby, I'm yours - you know  
Because you're so, so strong  
you're so, so strong

You would fight for me  
You would starve for me  
You would suffer for me  
You would die for me  
Well, I feel the same way too  
You know I feel that way about you

I know you're mad about me  
You,ve shown me because you're so, so strong  
[repeat to fade]
