you walked away i fell to the ground  
i reached out for you you ignored the sound  
of my head bouncing up and down  
will i ever get up again?  
remember the voices spiral through my head  
hapless noises that slide with me  
into the bed i wish would swallow me whole  
and i can't help but think it will never happen again  
so i close my eyes and float out  
drowning my thoughts in the memories  
and i feel myself being consumed by the past  
and the spinning thought that you would be the last  
wake on the floor for a ten minute morning  
a twisted morning the echo of sunshine  
i can never return where the smiling thoughts went  
i will never know them again  
why couldn't you ask i would never say no  
why didn't you tell me i was getting cold  
i was looking for something as hard as goodbye  
now i'm searching for a reason why  
so i close my eyes and float out to sea

drowning my thoughts in the memories

and i feel myself being consumed by the past

and the spinning thought that you would be the last
