Ritual commence. the ceremony begins  
Sacrament to seven of seven sins  
Bearer of light, empower thee with pride  
Unbroken by the wheel at Lucifer's side  
Rebel son spread to me your greed  
Mammon bathe where bodies do not seethe  
Allow my lust keep from fire and burning stone  
Asmoday my prince bow at your throne  
Leviathan I worship your envy  
Warm cold waters that baptize me  
Beelzebub great liege of he flies  
If I'm to gorge may not be pests I dine  
If by wrath I was turn to take avenge  
Satan not it be a quatering meet my end  
Belphegor if let to lotus be  
Allooweth not devoured by serpentine  
Welcome embrace the evil within  
Grand accord allowance of sin  
Annointed in infinite than twice  
As given way the gratis to vice

Anointed in infinite than twice

In tort as text proclaimed by holy word  
To will one this way is something of absurd  
Sex and avarice, anger, idleness  
Excess, jealousy,, pretense and vanity  
Delight in excess all I can consume  
God can't pass judgement in the ritual room  
Carnal abandon reviled in heresy  
Surfeit abounds before the blasphemy
