Kill everyone wants befog our rational free minds

Trapped in world that's like a cage where false  
moralities delete  
All possibilities of freedom  
Live with a rational free mind is the worst sin we can  
commit  
Disintegration of our free will  
Free from the church to contrast the liars  
Kill everyone is trying to infect your thoughts with the  
lie  
Or to deceive your mind  
Kill every time they try to reshape your morality  
With deceit and lie

Seeds of deception, decay  
Altered perception, disguise  
They will manipulate your mind  
They will manipulate your mind  
Their primary aim is deceive  
To violently caught you in a cage  
Absorb the false hopes  
Without a prayer left to say  
Your sacrificed life  
A useless offer

Everyone who believes men can do anything  
To control their own free will and morality  
Be those slaves left to rot  
Everyone who desires to fight against them who rule  
In the name of their religious supremacy  
The time to rise has come

Prayers, denied by god, to save my soul  
Lies, truths denied, truths disavowed

Trapped in world that's like a cage where false  
moralities delete  
All possibilities of freedom  
Live with a rational free mind is the worst sin we can  
commit  
Disintegration of our free will

Free from the church to contrast the liars  
Kill everyone is trying to infect your thoughts with the  
lie  
Or to deceive your mind  
Kill every time they try to reshape your morality  
With deceit and lie

Seeds of deception, decay  
Altered perception, disguise  
They will manipulate your mind  
They will manipulate your mind  
Their primary aim is deceive  
To violently caught you in a cage  
Absorb the false hopes  
Without a prayer left to say  
Your sacrificed life  
A useless offer
