Eat You Alive
Eat You Alive

Tough shit, you ain't shit
Mutant fucking family gonna eat your baby
Pretty mama in death's grip, watch her kick

Eat You Alive
Eat You Alive

Husbands gonna try to and fight, put a bullet in his side
Look that bastard in the eyes and laugh as he cries

You'd be better off friend to become one of them,
Come on and try it you're gonna like it
It's better to eat with friends than to be eaten by them,
Come on and try it, you're gonna like it

Eat You Alive
Eat You Alive

Papers read that a family dies,
And it comes as no surprise that they were found
In the land where the hills have eyes
And they were eaten alive

You'd be better off friend to become one of them,
Come on and try it you're gonna like it
It's better to eat with friends than to be eaten by them,
Come on and try it, you're gonna like it
