Said I'd move on and I'd leave it alone
But before I walk out there's something I need you to
know
I got lost in a blink of an eye
And I can never get back
No I never got back
You were not there when I wanted to say
That you were everything right and it wasn't even me to
change
Now I got to go there alone
But I will never give up
No I will never give up

What am I fighting for
There must be something more
For all these words I sing
Do you feel anything

Said I'm okay but I know how to lie
You were all that I had
You were delicate and hard to find
Got lost in the back in my mind
And I can never get back
No, I never got back
You will not there when I needed to say
I hit the bottom so fast
That my head was spinning around for days
Now I got to go there alone
But I will never give up
No I will never give up

What am I fighting for

There must be something more
For all these words I sing
Do you feel anything
What am I fighting for
What am I fighting for

Never give up, on this
Never give up, on this
Never give up, on this

Never give up, on this
Said I'm okay, but I know how to lie
I will never give up
No I will never give up

What am I fighting for
There must be something more
For all these words I sing
Do you feel anything

What am I fighting for (No, I'm never going to give up,
give up)
What am I fighting for (No, I'm never going to give up,
give up)
Said that I'd fight for the one that I found
I'm going to stay here while I wait for you to come
around
I'll fight, your apart of me now
And I will never give up
No I will never give up
