

House Of Freaks "Remember Me Well"

Visit "[Remember Me Well](#)" on MotoLyrics.com

When I lay down my head
Bound for heaven or hell
After all's said and done
Please remember me well

You can dance on my grave
You can ring out the bell
You can drink to my health
But remember me well

Sing the soldiers lament
Hear the stories he tell
If you all shed a tear
Please remember me well

When my ships going down
And the band plays its Nell
When the mast disappears
Remember me well

In a hundreds years spent
With the worms that will dwell
When I'm gone from this world
Please remember me well

You can dance on my grave
You can ring out the bells
After all's said and done
Please remember me well

Please remember me well
Just remember me well
