I think I like where I'm standing
I think I hate it too
'Cause it's safe on the side of caution
But baby, it's so far away from you

And if I try my best, I still can't find a way to let it go
And it's so much work pretending to move on
I can't if I'll never know (Walk in the rain)
In love and pain (On and on)
'Til we find a new beginning

Hey, hey, this is dangerous
I've buried all my dreams but the ones of us
I think I never knew you when I knew you before
And every time we meet
It's like you're breaking my heart all over

Give me peace, give me trust, give me something real
Let me know when it's safe to begin to feel
All the things I knew before, I need something to fight
for
Talk it out, all these hours, almost every day

Still you fill my lungs (Still I walk in grace)
Until I've unlearned everything, except to trust
I can't if I'm too afraid of love and pain (Is that so
wrong?)
Tell me that I'm gaining something

Hey, hey, this is dangerous
I've buried all my dreams but the ones of us
I think I never knew you when I knew you before
And every time we meet
It's like you're breaking my heart all over

Hey, hey, this is dangerous
I'm writing all the songs that I'll play for us
I'm crossing off the reasons why I couldn't believe
That peace of mind was something that I'd ever
achieve

Come on, come on

Nothing to be lost or won
Come on, come on
I feel as if we've just begun
I'm standing here alone

Come on, come on
Nothing ever seemed so clear
Come on, come on
And still I don't know how to feel
I walk this road alone

Come on, come on
Listen to the sound of the rain
Come on, come on
Can it take me home again?
Take me home again to your arms
Take me home again to your arms
Take me home again

Hey, hey, this is dangerous
Waste the night away with us
Even if we never find a way back to love
The desperate and the faithful are the ones we can
trust

Hey, hey, this is dangerous
I've buried all my dreams but the ones of us
I think I never knew you when I knew you before
And every time we meet
It's like you're breaking my heart all over

Come on, come on
Nothing to be lost or won
Even if we never find our way back to love

Come on, come on
Nothing to be lost or won
Even if we never find our way back to love

Come on, come on
Nothing to be lost or won
Even if we never find our way back to love
Take me home again
