

## House Of Heroes "Elevator"

Visit "[Elevator](#)" on [MotoLyrics.com](http://MotoLyrics.com)

This elevator goes straight to the top of the line  
Everybody's talking about it  
This elevator don't stop 'til we learn how to fly  
Everybody's talking about it  
Why don't we shout about it?

I want to know what you know, when you know  
I want to go where you go, when you go  
I want to know how it feels at the front of the line

This elevator goes straight to the top of the line  
Everybody's talking about it  
This elevator runs hot 'til we learn how to shine  
Everybody's talking about it  
Why don't we shout about it!

I want to know what you know, when you know (woah)  
I want to go where you go, when you go (woah)  
I want to know how it feels at the front of the line

I want to know what you know, when you know (woah)  
I want to go where you go, when you go (woah)  
I want to know how it feels at the front of the line

Time tears our hope,  
And the change comes so slowly  
To who much is given,  
Much will be asked

Everybody's talking about it  
Why don't we shout about it?

I want to know what you know, when you know (woah)  
I want to go where you go, when you go (woah)  
I want to know how it feels at the front of the line

I want to know what you know, when you know (woah)  
I want to go where you go, when you go (woah)  
I want to know how it feels at the front of the line

This elevator goes straight to the top of the line,  
This elevator goes straight to the top of the line,

This elevator goes straight to the top of the line,

So don't shut up about it!
