Count backwards from ten
You'll see the change
Except in your heart,
It's sadly the same
And if you were the queen,
Who would you choose for a king
Or would you rather be free
Or like a dog on a chain
I'm not so sure all things are as you say

Nothing's going fast enough tonight
Nothings gonna feed your appetite
All the lights are on
It comforts no one but you silhouette
Nothing's gonna keep you satisfied
Though a million boys would love to try
Build new cages,
But the beast rules every corner of your life

I can see it coming over you
You've got your eyes on sharpened knives
I can't see, it's inside of you
I heard it in your voice last night
I can see it coming over you
You've got your eyes on sharpened knives
And it's cutting your life lines

Nothing's going fast enough tonight
Nothing's gonna feed your appetite
All the lights are on,
It comforts no one but you silhouette
Nothing's gonna keep you satisfied
Though a million boys would like to try
Build new cages,
But the beats rules every corner of your life

Perfect, it'd be perfect
Just to forget yourself
Wretched melodies
Call you from the deep
When you should be sleeping
Want becomes a need,

As you feel the beast
Sacrifice your freedom

Wretched melodies
Call you from the deep
When you should be sleeping
And they know your name
And they know your name
