I cast no shadow on the grave,  
no one knows my name.  
I ride the winds of seven seas,  
gone before the rain.  
I am both friend and enemy,  
an object of disdain.

Livin'it up in the down and out,  
I roll with the foxes and hunt with the hounds.

(chorus)

Yeah! I feel it in my bones,  
Like a rolling stone.  
An enemy unknown,  
I lose control.  
I feel it in my bones,  
like a rolling stone.  
You'll never find me on the high ground.  
I lose control.

I draw disaster from the vein,  
like fire in the sky.  
I am the bandage and the pain,  
the father of the fires.  
I stand alone when none remain,  
a creature of the night.

I've got you in, but there's no way out.

I roll with the foxes and hunt with the hounds.

(Chorus)

I am the death that makes your life seem good.  
I am the pain that brings you close to God.  
I am the prophet warning of the flood.  
I am the answer you misunderstood.  
I am the answer that you misunderstand.  
I do the evil that an honest man can't.  
I live in the shadows that the enemy casts.  
I have no future and I have no past.

Livin' in the down and out...

Livin' it up in the down and out,  
I roll with the foxes and hunt with the hounds,  
I've got you in, but there's no way out,  
Get on your feet when you hear that sound!

(Chorus)

You'll never find me on the high ground,  
I lose control! (x2)
