Don't bother to show integrity
It never sells on the market
Chain all the world, chain all the world down
Don't fuss with your creativity
They never asked for an artist
Take all the heart, take all the heart out

All the kids want to rock
But they don't want to sit through another boring
chorus
Chain all the world, chain all the world down
One or two at the top might give you a shot
But they don't want to risk any losses
Take all the heart, take all the heart out

The vampires want you blood, the vampires want you
blood
You can't always get what you want, but they do
You can't always get what you want, but they know
The truth is what they want it to be, yeah

Drop by drop
Drop by drop

Drop by drop
Drop by drop

The camera flash casts shadows from their egos
Sing a song like you wrote it
Puppets don't think, puppets just dance
Make a face like you mean it

The vampires want you blood, the vampires want you
blood
You can't always get what you want, but they do
You can't always get what you want, but they know
The truth is what they want it to be, yeah

The vampires want you blood, the vampires want you
blood
You can't always get what you want, but they do
You can't always get what you want, but they know

The truth is what they want it to be, yeah

The vampires want you blood, the vampires want you
blood

You can't always get what you want, but they do

You can't always get what you want, but they know

The truth is what they want it to be, yeah
