It's a conspiracy,
A cold war in the heart's of men,
I opened up my eyes,
How I wish I could close them again,
Who is the sentinel?
Who keeps the peace when the dogs run free?
My cover's jeopardized,
Motor's hummin?, are they coming for me?

Suspect. Something isn't right,
Their shifting eyes betray their smiles,
All the while the sirens singing ooh,
It's suspect. The truth hides in the lies,
I expect it all to be denied,
I'm left to sirens singing ooh, ooh

I haven't heard a thing,
It's too quiet to be safe and sound,
Maybe I'm paranoid,
The lines's dead and the power's out,
I'm public enemy,
Why hide if I know I'm seen,
I blaze through the checkpoint,
Motor's hummin?, yeah they're coming for me!

Suspect. Something isn't right,
Their shifting eyes betray their smiles,
All the while the sirens singing ooh,
It's suspect. The truth hides in the lies,
I expect it all to be denied,
I'm left to sirens singing ooh, ooh

Suspect. Something isn't right,
Their shifting eyes betray their smiles,
All the while the sirens singing ooh,
Suspect. The truth hides in the lies,
I expect it all to be denied,
I'm left to sirens singing ooh, ooh

Suspect. They hung me out to dry,
There's an enemy on every side,
All the while the sirens singing ooh, ooh,

It's suspect. I will break in time,
My life for secrets I provide,
They're coming closer singing, ooh, ooh
