Find the bold fused in the bone
Grinding, pulling
All this machinery was never gonna let you go
Binding, owning
Break to heal, and heal he will
Fragile, growing
He learned to hate, he learned to kill, and now he'll
learn to feel
He'll learn to feel
Take these wings
Take these wings
Of iron
Of iron
[Off my back, out of my heart]

Forged in the fire and the fire it burns in me
Forged in the fire and the fire it burns in me

Get out your ghosts [I bet you had it coming]
Teach them to sing [I bet you had it coming]
Fire is burning you clean [I bet you had it coming]
And when it rains [I bet you had it coming]
Live in the stream [I bet you had it coming]
Every drop that comes down from above
Washes you clean [I bet you had it coming]

Take these wings
Take these wings
Of iron
Of iron
[Off my back, out of my heart]

Forged in the fire and the fire it burns in me

I've slept in the belly of the beast [take these wings of
iron]
Now I'll sleep under your wings [off my back]
Forged in the fire and the fire it burns in me [out of my
heart]
Forged in the fire and the fire it burns in me

Ooooooooooooooooooooo

Oh
Oh
Oh

I've slept in the belly of the beast [take these wings of
iron]
Now I'll sleep under your wings [off my back]
Forged in the fire and the fire it burns in me [out of my
heart]

I've slept in the belly of the beast [take these wings of
iron]
Now I'll sleep under your wings [off my back]
Forged in the fire and the fire it burns in me [out of my
heart]

Oh, oh, oh, oh, oh, oh, oh, oh, oh
