All will be revealed before the next move
All will be revealed before the next move

Gimme some juice and watch me blow
Tell that joker where to go
Gimme some air and let me breathe
Wake me when it's time to leave

I was a beatnik (x4)

A shark tooth fin and a chevrolet
A wild boy takes it all the way
No more Charlie it's my throat
Send the bell-boy for my coat

I was a beatnik (x4)
I was a beatnik, beatnik, beatnik...
All will be revealed before the next move
All will be revealed before the next move
I got to see you one more time
And show you to a friend of mine
A poor white man on an asian beat
An excess kid with a graceful streak

I was a beatnik (x8)
I was a beatnik!
No more from Charlie
No more from Cole
No more espresso
What a joke
I was a beatnik (x4)
All will be revealed before the next move
All will be revealed before the next move
No more espresso...
