That's Where I'm From  
That's Where I'm From

Back in the hub we used to drop madel  
Contemplate in hell  
The stories I could tell  
Would freak your mind, and wreck your brain  
The thoughts I would have  
Would drive most insane  
The band playin' Rain  
Gettin' down wit' Jimi Hendrix and Page  
Make up the rage  
Back in the Huddle  
McLou's back yard  
Me and D was starvin'  
And times were hard  
Danny used to roll through  
Schemin' on the hustle  
Credit cards and slang  
And M-MC bangin  
Leathal used to come with his reel to reel  
We didn't have no deal  
But that wasn't the point, we'd  
Rock a funky joint  
Then we'd rock another  
The only thing to eat  
Was some bread, and peanut butter  
Back to all the females that bedded me  
In case you ever wondered  
They didn't forget me  
These are the times that I always think of  
And this is dedicated to the ones I love

Chorus

That's where I'm from  
Where're you goin' if you don't look back  
What's the use of havin ends  
If you lose all your friends (x4)

Paintin on the wall  
Ten years gone by

Playin on the stereo  
With the volume kinda low  
Scheme Team's comin'  
Bring me along  
We gonna throw a hut party  
Till' the break of dawn  
With the Soul poppin, that's Soul Poetry  
Chameleon playin bringin wit that team  
Bring a tab and a 40 and a bag of weed  
That's all I need G  
Caue I aint Freaky  
Trippin for days  
Runnin the maze  
Goin down to Venice  
Sippin on the Guinness  
These are the times that I always think of  
And this is dedicated to the ones I love

#### Chorus

Now times have change  
And I'm on tour  
And I don't see my friend every day no more  
And cause they don't see me  
They think I've changed  
But, I the same mofo. no doubt  
What's it all about  
I thought we was people  
I'm tryin to get mine  
I thought you had my back  
Man, I can't understand  
They used to slap my hand  
Ask me for a grand  
And run wit your man  
Behind my back and diss me  
If you wanna \*\*\*\* me  
First ya gotta kiss me

#### Chorus (x3)
