I rip shit like a bow when I flow
When I score points with the joints that I throw
'Cause I flow deadly I'm no punk see
I break backs, make tracks and get funky

There's now where to run to 'cause nobody cares
MC's drop to your knees say your prayers
The luck of the Irish is about to kick in
Prepare to die and notify your next of kin

I'm goin' all out, buck, duck and call out
That's how I'm livin, punk you better call out
This is the house of pain
(Pain)
To come inside is insane

I'll put your head out
(I'll put your head out)
I'll put your head out
(I'll put your head out)
Jump up spread out

I'll put your head out
I'll put your head out
Put put your head out
Jump up spread out
I'll put your head out

Hey what up punk, punk?
(I'll put your head out)

Who steps the booze
When the hoods wanna take a cruise
They're feelin' the effects of the booze
Ain't no clues to hold with them fools

Who got smoked even though they scrat crews
You got bruise but I got the booma'
Trigger to blast ya askin' the bull
Take my life shit I'll take you to school

In the do what's the difference if your think of droppin'

jews
Carbon copy think you're so cool
Stop dreamin' and hallucinatin'
You're caught up in a piece of pain

Clip clip, punk
Now you're thinkin' oh shit
Quit while you're ahead
Before I fill you full of lead

I'll put your head out
(Put your head out)
I'll put your head out
(Put your head out)
Jump up spread out

I'll put your head out
I'll put your head out
Put put your head out
Jump up spread out
I'll put your head out

Blessed with the gift, and gifts with the rhyme
I never say quit when I'm out to get mine
It's live and let die, sit back and get high
Smokin' a fat blunt, waitin' for some punk

To act up like he's got somethin' in him
Then I grab the mike and start spittin' out venom
Coughin' up headstones, blowin' out headphones
Steppin' to me, you'll wind up in the dead zone

It's nothin' personal, that's how it goes, G
Step up with beef, and you'll wind up losin' teeth
'Cause I don't give up the mike that easy
Step back, this ain't government cheese, G

You can stand in line
But you ain't gettin' it
Talk all the shit you want
But I ain't sweatin' it

I'll put your head out
(I'll put your head out)
I'll put your head out
(I'll put your head out)
Jump up spread out

I'll put your head out
I'll put your head out
Put put your head out

Jump up spread out
I'll put your head out
