

House Vs. Hurricane

"A Whisper Of Love"

Visit "[A Whisper Of Love](#)" on MotoLyrics.com

I never thought this will happen happen to me
til you came in my life everything was complete
you came in my life changed the darkness from the
light

you changed my life my heart the light from the dark
you did it all with love
that's why I sayyy I love you in your own special way

Things seem like the just wasn't going right
til you walked in my life
I'm your star that shines up your life
When everything seems like they ar egoing to fail
I'll be right by your side cause

you changed my life my heart the light from the dark
you did it all with love
that's why I sayyy I love you in your own speical way

There wasn't a time in my relationship that I thought
twice
Everything you did you did it real nice

I love you oh baby I love you til the end of my time
