Let me sit you down.Take your hand.so I can talk to you
I never felt..the way I do..when I'm next to you, you
If you where..a flower..you'd be a red rose..baby
I give you..my word..now and forever

This I promise you
I'll be there for you now and forever more
This is my promise
This I promise you
I'll be your best friend now and forever more
This is my promise to you

Most guys..wouldn't say the words..that I'm saying to
you
Oh no
But I'm not afraid.show compassion..and be real with
you
ba-by
and nothing in this world..could ever come
between..me and you
oh no
I give you my word..now and forever

This I promise you
I'll be there for you now and forever more
This is my promise
This I promise you
I'll be your best friend now and forever more
This is my promise to you

Baby
I need you
I feel the same way to
nothing I
wouldn't do
just so I can stay with you

Baby
I love you
I'm fully committed to you
Nothing I

wouldn't do
just to stay in love with you

This I promise you
I'll be there for you now and forever more
This is my promise
This I promise you
I'll be your best friend now and forever more
This is my promise to you (2x)
