Naked, cold and mutilated  
Pungent is the rectal pain  
Open eyes in a pool of blood  
You think they're coming for more  
Drunk beyond belief  
You were raped 5 times  
Anal ruptures  
Screaming horror  
Act like a faggot - feel the consequence  
Act like a faggot - feel the consequence  
Act like a faggot  
Accept your demise  
Act like a faggot - feel the consequence  
Act like a faggot - feel the consequence

Act like a faggot  
You are on your own  
Naked, cold and mutilated  
Pungent is the rectal pain  
Open wound in a pool of blood  
You see them coming for more  
Drunk beyond belief  
They will rape 5 times  
Anal ruptures  
Screaming horror  
Act like a faggot - feel the consequence  
Act like a faggot - you are the consequence
