Pulled apart, maltreated rotting away  
You're in state of decay  
Pile of meat remnants  
I'm addicted to the smell of death  
Devour these slaughter remains  
Blood leaking corpses covering the earth  
Horror, I started to shred  
I'm possessed, Hunger for the feast!

Engorging dissolved sorrow measures  
Your digested body attracts lots of flies  
Disgusting odors fills my sickness  
Pure festering mankind, Hunger for the feast

My hunger grows by each infest  
Eating lifeless human parts  
Unleashing the beast inside me  
Festering humans, I am a cannibal

Engorging dissolved sorrow measures  
Your digested body attracts lots of flies  
Disgusting odors fills my sickness  
Pure festering mankind, Hunger for the feast

Flesh grinding I devour  
Unusual autopsy  
Odor of rotting trial  
Hunger for the feast

Dismembering these rotting cadavers  
Tasting the raw flesh of decaying corpses  
Mucous leaks from their rotten innards  
I keep on feasting, Hunger for the feast

Pulled apart, maltreated rotting away  
You're in state of decay  
Pile of meat remnants  
I'm addicted to the smell of death  
Devour these slaughter remains  
Blood leaking corpses covering the earth  
Horror, I started to shred

I'm possessed, Hunger for the feast!

Engorging dissolved sorrow measures  
Your digested body attracts lots of flies  
Disgusting odors fills my sickness  
Pure festering mankind, Hunger for the feast
