I shape the suffering -to indulge my  
necrolust\_Tormentor, punisher,  
the puritan -I shape the suffering -How I like my flesh -I  
like them young  
and fresh -I like to hear them scream of intense  
suffering -Split them open  
wide as I come inside -penetrate their flesh -with a  
butcher knife -  
Pounding in bleeding flesh -cutting of your skin -Rip the  
innards out  
of your stinking cunt -I like to purify -the pain I won't  
deny -Your intense  
suffering brings me in ecstasy -See what you became  
15 years of age -

your my love doll now -a pile of bleeding flesh -Her  
legs spread open wide  
but no guts inside -I masturbate ones more on the  
fecies of that whore -  
I'm the punisher as my hammer cracks your skull -I the  
puritan piece by  
piece cut of your skin -decapitation -as I fuck her  
bleeding ass -  
to indulge my necrolust -I shape the suffering -  
Tormentor, punisher, the puritan -I shape the suffering  
-
