"Skineater"

Blood drenched eyes convicting
Pleased with mutilation
Neverending homicide
Feed myself with skin

There she lays
Waiting till I shred her
Feeding my addiction
Waiting till I kill her

Eating her skin, infesting her body
Clean till the flesh, I'm a skineater
My sexual instinct, drives me insane
This fillet body, the cause of my orgasm

Skineater
No farm of strive
Skineater
No normal life

There she lays
Waiting till I shred her
Feeding my addiction
Waiting till I kill her

Soulless, I cut and shred
Uncontrolled, I make a mess
The victim is in my might
Insanity now by my side
