Orgy in blood
Stabbing the prioress dead
While entering the convent
Nuns cry of pleasure
Vengeance is wreaked
My sexual intent, these virgins understand
From women of christ to the devil's concubines
Their dresses are shredded to pieces
They lie ready to be fucked
Orgy in blood
Breasts all stiff and red
Penetrating where I please
Crawl inside her cunt like a serpent
Constantly using my tongue
In her ass I drown my fist
Orgy in blood
Unholy orgasmic feast
Between her labia

She comes, eating another
As my seed gets sucked
Nuns deflowered, the virgin blood drips
From women of christ into the devil's concubines
Their dresses are shredded to pieces
They lie ready to be fucked
Orgy in blood
Breasts all stiff and red
Penetrating where I please
Crawl inside her cunt like a serpent
Constantly using my tongue
In her ass I drown my fist
Orgy in blood
Orgy in blood
Breasts all stiff and red
Penetrating where I please
