

## How It Ends "Crippled"

Burned your kingdom, burned the ash  
Crumbled, structure is, dead

Balance of power, scales of justice  
Weighed down, by your ignorance

Your, thoughts, crippled, broken  
Your, thoughts, crippled, broken

You followed the world into a pit  
No escape, there's no escaping it  
Stuck inside, buried alive

Your, thoughts, crippled, broken  
Your, thoughts, crippled, broken  
Hands tied and eyes shut tight  
Held down gave up without a fight  
Paralyzed, buried alive  
You're buried alive

Don't let them make you a slave to this world  
Stand up and fight back

You followed the world into a pit  
No escape there's no escaping it  
Stuck inside, Buried alive

Your, thoughts, crippled, broken  
Your, thoughts, crippled, broken
