It's the glare from the reflection  
Making patterns in your eyes  
It's the looking back in anger  
With every second slipping by

Undertow has come to take me  
Guided by the blazing sun  
Look at everything around us  
Look at everything we've done.

Please anyone  
I don't think I can, save myself  
I'm drowning here please, anyone  
I don't think I can, save myself  
I'm drowning here please anyone  
I don't think I can, save myself  
I'm drowning here please, anyone

I don't think I can, save myself

There's a tiny little window  
Swarms of locusts fill the sky  
Maybe I just disappear, If I can  
Keep my head above the tide.

Please, anyone  
I don't think I can, save myself  
I'm drowning here please, anyone  
I don't think I can, save myself  
I'm drowning here please, anyone  
I don't think I can, save myself  
I'm drowning here please, anyone  
I don't think I can, save myself
