Well hello & goodbye the soundtrack to my lie
oh my intentions were good
I swear on your grave oh I swear on your grave
I swear on your grave oh I swear on your grave
girl you sure do tease me when your body's all up on
me
I can't picture you without me & both our hearts are
gently pounding
if you just took a hit of this if you just took a breath
Of this a change in colors a new steady pace
the room started changing and so did her face
Why did it take me so long to realise what she had
become
Oh she's a lion when she's tearing up your bed sheets
Of course she doesn't bite unless she shows her teeth
Oh then she gently digs her claws into your back
oh I wonder what happens next
Oh suddenly suddenly it took control of her
Down to her paws all the way up to fur I wasn't sure of
what had just
Occured
oh tradgedy tradgedy I can't escape this fate
She's got me pinned down I know it's too late
it was my fault I should of let her go
Oh I should of let this go.
Oh she's a lion when she's tearing up your bed sheets
of course she doesn't bite unless she shows her teeth
oh then she gently digs her claws into your back
oh I wonder what happens next
Oh tradgedy tradgedy I can't escape this fate
she's got me pinned down I know it's too late
it was my fault I should of let her go
Oh I should of let this go.
Oh suddenly suddenly it hit me like a wall
I wasn't sure if this girl was worth the fall
But it's better to of loved & lost then to never of loved
at all
well kill the lights cause I can't keep gleaming
by her bedside through the night
Oh well sleep tonight oh well sleep tonight oh well sleep
well tonight

Well hello & goodbye the soundtack to my lie oh my
intentions were good
I swear on your grave oh I swear on your grave
oh suddenly suddenly it hit me like a wall
I wasn't sure if this girl was worth the fall
but it's better to of loved & lost then to never of loved
at all
