Look at us, baby, up all night, tearin' our lives apart  
Are we the same two people  
Who lived through years in the dark  
Everytime I try to walk away  
Something always seems to make me stay  
And I can't tell you why

When we get crazy, it just ain't right  
(Try to keep your head on)  
Girl I get lonely too  
You don't have to worry, hold on tight  
(Don't get caught in your little world)  
Cause I love you

There's nothing wrong as far as I can see  
We make it harder than it has to be  
And I can't tell you why  
Oh no baby, I can't tell you why (Just listen to me)  
I can't tell you why

I'll never let you down

Everytime I try to walk away  
Something always seems to make me stay  
And I can't tell you why  
Oh no baby, I can't tell you why (Just listen to me)  
I can't tell you why (Oh no baby)  
I can't tell you why (Just, oh)

You're my only lover, I'll never let you go (Hold on)  
Just listen to me, just hold on  
I can't tell you why, hold on  
(Just hold on, never let it go)
