Save

Save

Save from the butchers knife

Save from the experiments

Chorus

Don't be part of it

Don't be part of the killing

Don't be part of it

Don't be part of the killing

Save from the furriers track

Save from extinction

Share a right to life

As long as there are slaughter houses

There will be battle fields

As long as animals die in testing

We won't find humanity

Save

Save from the factory farms

Save from the cruelty

As long as there are slaughter houses

There will be battle fields

As long as animals die in testing

We won't find humanity

Save

Don't be part of it

Save

Don't be part of the killing
