I want to be  
The coffee in your pot  
I want to be the shower in the morning  
That's steamy and hot

I want to be  
The cherry that paints your lips  
I want to be the stick shift  
At your fingertips

Whatever I think of it's never enough  
To show you my love  
I want to be your everything

I want to be  
The wine that swirls around your tongue  
I want to be the Harley  
That you sit upon

I want to be  
The Elvis that makes you scream and shake  
I want to be the velvet  
That hugs your pretty shape

Whatever I think of it's never enough  
To show you my love  
I want to be your everything

The trouble is you just don't know who the hell I am  
But I'll change that little detail, if I can

Whatever I think of it's never enough  
To show you my love  
I want to be, I want to be your everything

The trouble is you don't even know who the hell I am  
But I'll change that little detail, if I can

Whatever I think of it's never enough  
To show you my love  
I want to be, I want to be, I want to be your everything

I want to be your everything  
(That's all just everything)  
I want to be your everything  
(That's all just everything)

I want to be your, I want to be your  
I want to be your everything  
(That's all just everything)
