The film script lies ahead
Change the future, change the past
Choose the players and choose the role
Cast of thousands, cast of few

Imagination decides the plot
Play the good guy, play the bad
And here's the victim and here's the saint
Here's the canvas and here's the paint

Good luck, bad luck, who knows?
Good luck, bad luck, who knows?

The world is peopled by many minds
Whirling faster than the wind
Solving a dilemma of life and death
Trying to make some sense of it all

No good blaming the outside world
Pleasure and pain are in the mind
Whether we like it, whether we don't
We found as much as we wanted to find

Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)

We can make it horror, we can make it blue
We can make it slow time, make it move
The director sits behind those eyes
Play it straight or in disguise

Imagination decides the plot
Play the good guy, play the bad
Here's the victim, here's the saint
Here's the canvas and here's the paint

Good luck, good
Good luck, bad luck who knows?

(Good luck, bad luck who knows?)
Good luck bad luck who knows?
(Good luck, bad luck who knows?)

Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)

Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?

Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?
(Good luck, bad luck who knows?)
Good luck, bad luck, who knows?
