My world is closing in  
On the inside  
But I'm not showing it  
When all I am is crying out  
I hold it in and fake a smile  
Still I'm broken  
I'm broken  
Only one can understand  
And only one can hold the hand  
Of the broken  
Of the broken

When no one else knows how I feel  
Your love for me is proven real  
When no one else cares where I've been  
You run to me with outstretched hands  
And You hold me in your arms  
Again

I need no explanation of why me  
I just need confirmation  
Only You could understand the emptiness inside my  
head  
I am falling  
I am falling  
I'm falling down upon my knees  
To find the one who gives me peace  
I am flying  
Lord I am flying

When no one else knows how I feel  
Your love for me is proven real  
When no one else cares where I've been  
You run to me with outstretched hands  
And You hold me in Your arms  
Again

I have come to you in search of faith  
Cause I can't see beyond this place  
Oh You are God and I am man  
So I'll leave it in Your hands

When no one else knows how I feel  
Your love for me is proven real  
When no one else cares where I've been  
You run to me with outstretched hands

When no one else knows how I feel  
Your love for me is proven real  
When no one else cares where I've been  
You run to me with outstretched hands  
And You hold me in Your arms,  
Ohh You hold me in Your arms,  
I know that You'll hold me in Your arms  
Again
