"Spirit Lives On"

Oh I watched it all fall down
I saw your face in the crowd
I saw the tears flowing from your eyes
I saw the fire in the sky
And we had no reason why
And I asked will we ever be the same
And You said to me

The spirit lives on
Long after life, long after death
Has crumbled to the ground
The spirit lives on
Long after life, long after death
We will always be around
Because the Spirit lives on

I heard about the cross
How they thought all was lost
And how your friends trembled in their fear
And I heard about the nails
And the crown upon Your head
And I know they thought You'd never rise again
But You say to me

I will live on
Long after life, long after death
Has crumbled to the ground
And I will live on
Long after life, long after death
I will always be around

And I will live on
Long after life, long after death
Has crumbled to the ground
And I will live on
Long after life, long after death
I will always be around
'Cause the Spirit lives on

Yeah, and I will live on
I will live on

I will live on
Long after life, long after death
Well I will always be around
Yeah and I will live on
Long after life, long after death
I will always be around
'Cause the Spirit lives on
