Little did we know just how far we'd fall
Far enough to dim the light of the sun
We're clouded and alone, we're broken and abused
It took us where You said it would
But I just want to see You now

Oh You know that I just need to see You now
You are so beautiful
You are so beautiful tonight
Perfect and unchanging
Your love has spoken over me
I'm taken by what I see tonight
Yeah tonight

Completely misread and completely unconfessed
All the unrequited love that I've seen
How perfectly does that flame still burn
Even through the highest tides
And I see clearly what I missed
Oh You know that I see all I want is this

You are so beautiful
You are so beautiful
You are so beautiful tonight
Perfect and unchanging
Your love has spoken over me
I'm taken by what I see

Tonight the sky is mine to see
Tonight the ties are broken
Tonight I will fall on you
Tonight this life is reckoning
Tonight you're words were spoken
Tonight I will fall on You

You are so beautiful
You are so beautiful
You are so beautiful tonight
Perfect and unchanging
Your love has spoken over me
I'm taken by what I see tonight
