The Space in Between Us

Look at my heart again
Look at the mess I've got it in
I'm learning to trust in You
To know that you'll see me
Through my pride
Through my shame
Into Your love
Into Your grace
I'm not looking back
Till I see Your face
I'm running straight to You

All I really want to do is to fall into
The emptiness that is
The space in between us
To break this division
All I really want to do is to fall into
The emptiness that is
The space in between us
Erase it and bring us together again

My life's an open book
Nothing is hidden when you look
You break through my boundaries
Revealing my insecurities
But through my pride
And through my shame
You show me love
You show me grace
I'm not looking back
Till I see your face
I'm running straight to you
Because

All I really want to do is to fall into
The emptiness that is
The space in between us
To break this division
All I really want to do is to fall into
The emptiness that is

The space in between us
Erase it and bring us together again

Together Again

Here I am saying I need you
I know I need you
Here I am, I'm coming to meet you
Cause I want to see you

And all I really want to do is to fall into
The emptiness that is
The space in between us

All I really want to do is to fall into
The emptiness that is
The space in between us
Erase it and bring us together

And All I really want to do is to fall into
The emptiness that is
The space in between us
To break this division
All I really want to do is to fall into
The emptiness that is
The space in between us
Erase it and bring us together again
Bring us back together again,
Bring us back together again
