"Walls Are Coming Down"

I'm where I don't wanna stay
Close enough but far away
There is just too much at stake
I don't want to miss the moment of embrace, yeah,

I don't wanna stand at an arm's length
From the hands that are reaching to save me
Right here right now His hands are reaching out
I don't wanna stand at an arm's length
From the hands that are reaching to hold me
Right here right now my walls are coming down

I keep waiting for the sign
But maybe I'm the one that's blind
Let my fear and faith collide
Cause I don't want to miss the reason I'm alive, yeah

I don't wanna stand at an arm's length
From the hands that are reaching to save me
Right here right now His hands are reaching out
I don't wanna stand at an arm's length
From the hands that are reaching to hold me
Right here right now my walls are coming down

And I spend all my life holding back, holding back
And now I wonder, what for? I won't hold back any more

I don't wanna stand at an arm's length
From the hands that are reaching to save me
Right here right now His hands are reaching out
I don't wanna stand at an arm's length
From the hands that are reaching to hold me
Right here right now my walls are coming down
