I'm not prepared to go on like this  
When you act like you don't want to know.

I'm all out of answers,  
That doesn't mean you can take me for  
Granted, granted,  
And I don't think I'll take that from you, no.

Did you realise how you pushed your point  
Of view on them? They believed you!

I'm all out of answers,  
That doesn't mean you can take me for  
Granted, granted,  
And I don't think I'll take that from you, no.

Did you realise just how you treated me? Oh,  
Did you realise just how you acted?

I'm all out of answers,  
That doesn't mean you can take me for  
Granted, granted,  
And I don't think I'll take that from you, no.
